DETAILED ACTION

Response to Amendment

Applicants' amendment filed on September 03, 2003 has been entered and the decision of the board of Appeals forwarded to the Examiner.

Therefore claims 1, 3, 5, 7-15, 23 and 25-28 as recited in the appeal brief are currently pending in the Application.

Allowable Subject Matter

Claims 1,3,5,7-15, 23 and 25-28 are allowed.

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper because the teachings of the references neither teach nor would have suggested to one of ordinary skill in the art the specifically claimed process steps of forming a gate structure on a semiconductor substrate.
